AGENDA:

1. Review last meeting minutes
   a. Open Actions
      ➢ New student members; Andrew Lange (Mahajan) and Ian Jacobs (Moule)
      ➢ Kemper renovations moving forward; information is being disseminated
   b. Any further follow-up actions(s)?

2. Review any reported Injuries/Illnesses, Hazards or Near Misses
   ➢ None noted

3. Safety items/issues
   a. EH&S Lab Inspections
      i. CHMS almost done (1 follow-up to complete); generally went well.
      ii. Respirator use is one area that was often misunderstood
      iii. Future inspections are likely to be more stringent (focusing on high-concern points of emphasis for first round of inspections)
   b. Kemper Fire Inspection
      i. Minor items – follow-up inspection April 10
      ii. Most common issue is improper use of extension cords/surge strips
   c. CUPA
      i. Received final report – all items have been addressed (corrected)
   d. Personal Protective Equipment (PPE) Distribution Update
      i. Laundering drop-off/pick-up in Bainer receiving (soon). Cost covered through May. Department billed thereafter ($1/coat + weekly charge of ~$5)
      ii. Fitting station at Vet Med stores for new PPE. Cost will be PI’s responsibility, prices TBD. Requirement to provide proper fitting PPE to all workers.
   e. Reminder – New PPE Policy is in effect as of March 31 (UCOP Policy)
      i. All required PPE must be worn at all times when use or storage of hazardous materials occurs or a physical hazard exists. No Exceptions!
      ii. Long pants or equivalent that covers ankles. Closed shoes (heel and toe). Lab coat (Must be flame resistant if flammable materials are in use.). Safety Eyewear.
   f. New Chemical Inventory System coming very soon
   g. New Lab Safety Manual / Chemical Hygiene Plan coming very soon
      ➢ CHMS Lab inspections to begin (Bill and Spyros) over summer months
4. Other Items
5. Review new Action Items for next meeting
